Memo. 1

While advocating the removal of the Hariharpur dispensary from Hariharpur to Koppa the Dy Commr of Kadur in his No 256 of 23rd July 1884, stated that there was an Hospital Assistant at Koppa in charge of the C.D dept:, but on his death no body was appointed instead. He was therefore informed in Dewan's Proceedings No $\frac{3034-6}{145}$ of 12th August 1884 that the dispensary at Hariharpur might continue to be there and a new dispensary opened at Koppa. With reference to this order, the Dy Commr represented that two dispensaries so close as Koppa and Hariharpur (only 9 miles) appeared to be scarcely required especially as Hariharpur was a very small village with very few patients attending the dispensary and promised to submit + a further report on obtaining from the Hospital Assistant information as to the number of patients which would probably attend at Hariharpur

+ This report has not been submitted; nor is it now required as the opening of a new dispensary at Koppa was subsequently deemed unnecessary, as will be detailed further on.

Memo

1 The construction of a Dispensary building was sanctioned as far back as August 1883. for the location of a dispensary at Kalsa. The Dy Comr's letters ending with his No 11 dated 8: April 1885 for the opening of the dispensary & for the purchase of furniture required &c are pending final disposal in this office.

The establishment of a separate dispensary at Kospa has lately been sanctioned in this office Camp No 190 dated 22nd May 1885.

The Dy Comr now submits with his letter No 166 dated 19th June 1885 an Estimate for furniture required for both the dispensaries. On a comparison of the rates entered in the estimates with those of the

Scale of furniture Sanctioned in the late Chief Comr's Proc. No. 6123/141 dated 26th October 1875:

8/

the marginally noted articles × have been charged higher; but the total of the estimate falls within the Sanctioned amount, owing to some other articles being priced lower than the scale.

	Scale Sanctioned for each dispensary in Proc No 6123/141 dated 26/10/75.	Dy Comr's Estimate for 2 (two) Dispensaries	Excess of the estimate over the scale Rs
(a) Teakwood boxes	Rs 9—9—10.	Rs 22-0-0	12-12-2
(b) Chairs	5—4—0.	Rs 20-0-0	9-8-
(c) Lanterns	0—10—0.	Rs 1-8+	Rs- 4-
(d) Shades with Candle stands	Portable 0—8—0	3-0-0	Rs 2-0-
(e) Writing Tables.	18-10-9	50-0-0	Rs 12-10-6

From a copy of the Dy Comr's letter to the Senior Surgeon (put up below) it would appear that a requisition was made to the Superintendent Shimoga Jail for the supply of these articles

Sir, returning the Correspondence which accompanied your No. 31/82 5/19 Augst 84 I have the honor to suggest that the resolution to establish a dispensary at Koppa and also to retain the Dispensary at Kumblapur be reconsidered since it is clear from the Correspondence that the circumstances of the case have (unintentionally) been misrepresented.

In support of this recommendation for the transfer of the Kumblapur dispensary to Koppa the Dy Commissioner states "there was a hospital Assistant at Koppa in charge of the ex. S.P. but this official has since died

Also

And no body have been appointed in his stead." The Deputy Commissioner's information in this matter is defective. It is true that Hospital Assistant Lazarus died on the 28th September 1883, but while he was still on the sick list his duties were taken by 2 C. L. Apts Samuel and that Hospital Assistant have remained in charge of the Appointment ever since.

It is probable that arrangements can be made for Hospital Assistant Samuel to render aid to the general public as well as to the D. S. P. and if so the opening of a new dispensary at Koppa would seem to be unnecessary. —

Para. 10. Read docket No 513/12 dated the 22nd Instant from the Secretary to the Dewan and other papers in connection with the Establishment of a Dispensary at Koppa. The view of the Board on the subject are as follows.

In the Koppa Taluk inclusive of the Gjedehalli Deputy Amildari's range there are at present two Dispensaries, one at Hariharpur, the Head Quarters of the Taluk, and the other at Gedehalli. The distance between Gedehalli and Hariharpur is only 20 miles and that between Koppa and Hariharpur 6 miles.

Granting

Granting that the Hospital Assistant attached to the D. P. W. is withdrawn, it would be quite unnecessary to open a new Dispensary at Koppa. This idea may be abandoned but as first proposed by Mr. Meiklejohn in Docket No. 256 dated the 23rd July 1884 to the Secy. + to the Dewan, the Dispensary at Haribar -pur may conveniently be transferred to Koppa which has been steadily rising in importance. Messrs O'Sect Skirving, A. A. Campbell and A. W. Beadon address the President on the subject of the removal of the Hospital Assistant from Hari- -harpur to Koppa where his services are stated to be much more generally made use of and Dr. Lincoln, the Civil Surgeon suggests the necessity

Has the honor to request that sanction may be obtained for the removal of the Hanbarpur Dispensary from Hanbarpur to Koppa.

When the Dispensary was established at Hanbarpur, there was then a Hospital Assistant at Koppa in charge of the D. P. W., but this Official has since died and no body has been appointed in

in his stead. 331

The Hospital Assistant at Koppa has represented repeatedly to the Undersigned that the Dispensary would be much more useful to the public than it is at present if it was removed to Koppa which is undoubtedly the largest centre of trade in the Taluk.

As owing to the abolition of the D.P.W. Division, there are many houses available in the old D.P.W. Lines and the removal of the Dispensary could therefore be effected at very little expense, the change should be in the opinion of the Undersigned made.
